EVENT & VENUE MANAGEMENT

TAKE THE HEADACHE OUT OF MANAGING YOUR NEXT EVENT

Are you forecasting the cost of your event accurately? Do your events run to budget? Is the scheduling for your venue getting out of hand? Are you able to quickly replace absent staff?

There is a better way.

Whether you're rostering thousands of staff or catering for thousands of guests, ComOps WFM Event & Venue Management allows you to manage all facets of your workforce planning.

OUR EXPERTISE- YOUR PEACE OF MIND

Drive Efficiency.
Providing reusable modelling, reducing administration and enabling self-service across your workforce

Reduce Cost.
Minimise administration time while managing staff costs

Manage Budget.
Ensuring accurate forecast of expense and providing the actual cost of your events

Designed specifically for the industry, ComOps Event & Venue Management enables companies organising events and staffing venues to plan their workforce requirements with ease. Whether a simple event at a single location or a large complex event across multiple venues, any mix of these can be managed to provide optimal workforce planning.

DRIVE EFFICIENCY.

ComOps Event & Venue Management simplifies the time-consuming and complex task of schedule creation and staff rostering for your event or venue by using proven methodologies to create the optimum balance - every time.

ComOps WFM enables you to:
» Create profiles that can be reused for similar events
» Maintain and reuse shift patterns and staffing requirements
» Optimise staff allocation with the best mix of full-time, part-time and casual staff
» Automate roster notifications
» Improved and automated late change management.

REDUCING COST.

ComOps WFM takes the guess work out of allocating labour costs. A cost is provided for every assigned shift at the time of scheduling and in accordance with the applicable payment conditions enabling tight budget control. An assessment of the scheduled cost is provided against the budget allocation for every event on a single screen.

» Maximise efficiency and productivity of your venues' workforce
» Minimise administration overheads and manual data entry
» Minimise labour cost by matching staff to attendance

» Automatically assign staff to shifts based on availability, competency and cost
» Forecast costs, compare to actual and manage your budget.

FLEXIBILITY.

We recognise that every event you organise is different and no two venues are the same. ComOps Event & Venue Management is able to accommodate a variety of event types and locations including:

» Community, charity & outdoor events
» Exhibitions & trade shows
» Conferences & conventions
» Sporting & cultural events
» Hospitality & function centres.

Our cloud-based solution and modular approach offer the full breadth of functionality needed to optimise the efficiency of your business and productivity of your workforce.
